JOIN ARM

A few good reasons to sign up...

More VISIBILITY among potential customers

ARM produces an annual directory of all association members and sends it to potential customers including body shops, service shops, insurance companies, car hobbyists, and dealerships. ONLY association members are included in this directory, and your listings (alphabetical & geographic) are **FREE**.

Stay on top of LEGISLATIVE ISSUES

ARM's board works with local, state & national governing bodies on issues affecting the recycling industry. During the legislative session ARM takes part in weekly teleconferences with auto recyclers nationwide to keep on top of pending legislation and trends that effect our industry.

Receive useful INFORMATION about the industry

ARM's e-newsletter is emailed to members and associated businesses at least once a month. It is filled with news about timely issues, news about ARM members, and ARM and industry meetings and events.

Education SCHOLARSHIPS

The ARM Foundation provides the opportunity to apply for post-secondary educational scholarships to Full ARM Members and their children.

EDUCATION and NETWORKING Opportunities

Through seminars, outings, conference calls and email alerts, members of ARM have the opportunity to better educate themselves about the issues and concerns of the automotive recycling industry, and to improve their individual businesses, as well as strengthening their relationships with fellow recyclers and associated businesses.

Upper Midwest Auto & Truck Recyclers Convention & Trade Show

This annual convention brings vendors and recyclers together in one place. ARM teams up with the Wisconsin association (CARS of WI) to host the best regional convention & trade show in the country.

MN-CAR Program (Minnesota Certified Automotive Recycler)

The MN-CAR Program is an optional program designed to help members improve their performance as professional recyclers, and recognizes and certifies that enrolled members, passing an audit, meet specified general business, environmental, safety, licensing, and regulatory standards.

PROMO ITEMS & STORM WATER KITS

ARM takes advantage of volume buying on 18 x 24 3 MIL plastic bags with ARM logo and passes the savings on to our members. ARM also has access to greatly discounted storm water testing kits and lab analysis - available ONLY TO ARM MEMBERS!

www.autorecyclersmn.net

The ARM web site is an information resource for recyclers, body and repair shops, and retail customers that averages over 21,000 total hits a month! Among other things the web site contains a **Members List** which member contact information and links to all ARM members. It also contains a **Parts Search** area that provides an opportunity for ARM members to sell their parts.

Automotive Recyclers of Minnesota Application for Membership
